

Run7on7.com is relaunching as Runwell.com, a new 501 c(3) foundation, similar to Run7on7.com, but with a global mission to make drug and alcohol addiction treatment accessible to all. All donations made through Run7on7.com will go to Runwell's foundation.

Runwell is a non-profit foundation dedicated to inspiring individuals around the world to lead healthy, active lifestyles. It encourages anyone involved with drug or alcohol addictions, from chemical dependents to their friends and families, to get involved in sports. RunWell believes partnering sports with addiction treatment helps to keep individuals - and their support bases - committed to recovery. The foundation focuses on funding existing scholarship programs and support-based training facilities that involve the entire family, as RunWell strongly believes addiction is seldom won alone.

RunWell's goal is to help make drug and alcohol addiction treatment accessible to all.

Together, with its partners, RunWell will:

- Raise awareness for treatment and long-term recovery
- Award grants to accredited treatment facilities to extend existing treatment scholarships to patients
- Distribute grants to improve the education and training of treatment providers throughout the world

So, the next time you sign up to participate in a major run or sporting event, check to see if you can make RunWell your charity cause.

RunWell is a 501 (c)3 tax-exempt organization, so all donations are deductible under State laws.

Launching in September 2011!
